About Glister Eduversity

Today is the era of working parents and due to workload, they do not get enough time to support their children's education. Therefore, they are heavily blamed by all, in the current dialogue and debate about improving the education system, the disadvantages of improper parenting is known to all.

It is time to start parenting in the education system. With the Glister Eduversity, We present you the solution to all such problems switching towards telephonic parenting, proper guidance and development graph.

This is the first Indian institution to provide education care with parenting. Glister Education offers telephonic parenting with a right strategic plans for the student, online test series, seminar, scholarship programs, in really attractive packages.

We also guide their appointments as well as their strategies. So, let's don't wait, and achieve nothing less than success with Glister Eduversity Parenting cum Education Care.

Director: Amit Pandey

Mission

The mission of Glister Eduversity is to educate the citizens and citizen-leaders for our society.

We do this through our commitment to the transformative power of a liberal arts and sciences education.

Beginning in the classroom with exposure to new ideas, new ways of understanding, and new ways of knowing, students embark on a journey of intellectual transformation.

Through a diverse living environment, where students live with people who are studying different topics, who come from different walks of life and have evolving identities, intellectual transformation is deepened and conditions for social transformation are created.

From this we hope that students will begin to fashion their lives by gaining a sense of what they want to do with their gifts and talents, assessing their values and interests, and learning how they can best serve the world.

Vision

Glister Eduversity will set the standard for residential liberal arts and sciences education in the twenty-first century. We are committed to creating and sustaining the conditions that enable all Glister Eduversity students to experience an unparalleled educational journey that is intellectually, socially, and personally transformative.

Welcome to the Glister Eduversity, Varanasi. For more than three Years, Glister Eduversity has served as our nation's flagship comprehensive institution of higher education.

Our primary goal is to become one of the most prominent and excellent educational Institute in the world. We are fortunate to have a talented, highly committed teaching and support staff here to ensure the learning environment of our students is the best it can be. Our faculties are renowned scholars and accomplished practitioners who are actively engaged in the academic excellence and innovative research ideas of the modern world. Our students are innovators, engineers, managers, great scientists, entrepreneurs, and aspiring leaders - from every age group and are located at every corner of the country. Our unique teaching and learning process with a proper blend of theory and practice crosses the boundaries of nations towards industry-readiness and global excellence.

Program overview

It is often said that the secret to any great audio-visual experience (feature film, telefilms, television show or soap opera, documentary, advertisement film, corporate film) is great editing. Editing is what makes a programme move up from good to great. Even a well-directed programme can come out as a boring affair if it is not creatively edited. Similarly, a moderately directed programme can become a big hit due to the creative touch of an Editor. Editing is the heartbeat of an audio-visual programme because it gives the programme a suitable pace and rhythm. It is a perfect combination of Art and Technique. So, Glister Eduversity has Come Up with the Certificate in Audio & Video Editing Course for the Students to Learn Editing and Grow Their career as an Editor.

Salient Features

The course offers to learn all the skills required to edit telefilms, teleserials or any other audio-Visual programmes – from technical knowledge to theoretical background and analysis.

Students will be taught all the techniques and nuances required to do a good editing job along with Backend data management, whilst also learning about all the latest innovations.

Students will be given different individual exercises during the course for better understanding of The technique.

Course Objective

The 3 Months Certificate course in Audio and Video Editing is for the Learners who want to be an Editor of Audio & Video, with the aim to learn, develop and practice required by the market. In this course, the emphasis is put on the learner to acquire the ability to perform as a confident and competent Audio and Video editor.

After successful completion of the course students can start their editing career in television and film industry as an assistant editor or technical assistant to an established editor or director or in an edit studio as a studio assistant. They can even start their own edit set-up for professional editing or pursue further studies at SRFTI or FTII.

Learning Outcome:

The students will understand the basic editing tools and techniques of sound and video recordings in Preparation for the mastering of a television program, motion picture or web application.
